Badlands Sacrifice Pack

Designed by Extreme Athlete Cameron Hanes

COLUMBUS, Georgia, February 4, 2009 – Realtree Inc.

Inspired by athlete and extreme hunter, Cameron Hanes, the Sacrifice Pack is a dream come true for the backcountry hunter. At 3500 ci capacity, this pack is big enough for bivouac hunts but with a weight of just 3lbs 9 oz, it's light enough for hardcore hunting. The heat-treated steel frame is stout enough to handle whatever abuse Mother Nature or the hunter has in mind. The Hyper Vent Suspension reduces heat transfer to your back, to help you stay cool during a strenuous hike, and the 900 denier Ripstop ultra-lightweight fabric resists tearing and ripping.
